If you can't copy your ground work when you sit on their backs there is a flaw in your program.

We teach horses how to follow a feel whether it is mental or physical. If you can get the horses mind the body is easy. I will explain how I work with a horse which has led to my success with troubled horses and babies. If you would like to communicate with your horse as an equal this is the clinic for you.

Pre-Entry must include a signed release, a check payable to Idaho Horse Council, and a completed registration form. You can also call the Idaho Horse Council during office hours and make a payment with a card.

Postmarked by deadline date, you can email Pre-Entry to [idahohorsecouncil@yahoo.com](mailto:idahohorsecouncil@yahoo.com) or mail to Idaho Horse Council, 16114 Idaho Center Blvd, #5, Nampa, Idaho, 83687
